BAPTIST CHURCH

The Powerful Influence of Music

"...and bringing into captivity every thought to the obedience of Christ." 2 Corinthians 10:5

Satan is waging a battle to control the thought life of America's teenagers. The typical teenager listens to an average of 10,500 hours of rock music from the seventh to the tenth grade. That's only 500 hours shy of all the time he/she spends in school from first through twelfth grade!

Do you have any idea of the fatalism that is bombarding the airwaves everyday into young people's heads? The National Education Association estimates that a percentage of the 5,000 teenage suicides we have in America every year are caused by the fatalistic music of today's youth. Somebody has said, "You let me write the songs that a nation sings, and I don't care who makes its laws."

Is there a teen in your life? If so, spend some time this week talking with them about the music they listen to and the healthy choices they need to make to take back the ground that Satan is trying to conquer with his onslaught of fatalistic music.
